OGUM, SAMUEL BONIFACE

SOFTWARE DEVELOPER

A motivated Software Developer using Java, React Native, React, JavaScript, and backend technologies to build scalable websites and applications, enhance user experiences, and continue to gain more experience in full-stack software engineering.

To also secure a Software Developer position where I can apply my frontend and backend development skills to build high-quality applications, collaborate with experienced teams.

WORK EXPERIENCE

SUPERVISOR

Power Oil Health Camp

Anambra State.

Feb 2021 – June 2023

I Plan and organize the day's activities, and assign roles and responsibilities to my team members and oversee the work of my doctors, nurses, and other staff to ensure our customers undergo registration, consultation, and treatment. I also monitor the quality of care and make sure protocols are followed and resolve any issues that arise, such as shortages of supplies or crowd management. Finally I prepare a summary report and send to our organization portal.

IT CONSULTANT

Village Restaurant

Lagos State.

February 2024 – August 2025

I managed and maintained POS systems, ensuring reliable day-to-day restaurant operations, I provided technical support for hardware, software, and network issues. I make sure the company Wi-Fi and business networks is secured, and also trained staff on the effective use of restaurant technology.

EDUCATION

BACHELOR IN ENGINEERING (MECHANICAL ENG.)

Cross River University of Technology, Calabar.

Oct 2013 – Oct 2018

DIPLOMA IN JAVA TECHNOLOGIES

National Institute of Information Technology (NIIT)

Sept. 2024 – Feb. 2025

CERTIFICATE IN REACT NATIVE DEVELOPMENT

Mentor-Led Training | 2025 - 2026
